
TAKE A PIECE OF NO.8

FASNZ AGM & CONFERENCE
APRIL 13-15 2023
HAMILTON, WAIKATO

WELCOME TO THE WAIKATO

Waikato and Thames Valley Areas warmly welcome you to the 2023 FASNZ Conference to be held in the heart of the Waikato, Hamilton. Southwell School, where all the events will take place, is set in beautiful grounds and only a short distance from the central city.

Southwell School is an ideal venue to show off your designing skills with the National Designer of the Year and other competitions, plus Area designs on pillars along the walkway.

Hamilton was recently awarded the best large city in New Zealand and rightfully so, it has a vibrant heart with the beautiful Waikato River running through the centre and many river walks, stunning parks and of course the award-winning and world-renowned Hamilton Gardens, a must see while you are here. See more about guided Garden tours later in the brochure.

There are many more attractions in our two Areas such as Hobbiton, Waitomo Caves and the famous cows in the streets of Morrinsville to name a few. Why not bring your husbands or partners and stay on awhile? There is plenty to keep them occupied as well, such as fishing in Raglan or the Thames Coast and golf on one of the many courses nearby. We hope you will join fellow members in the Mighty Waikato for fellowship, fun and inspiration.

We will try to make your stay one to remember.

Dorothy Turner and Pauline Luxton
Co-Convenors

PRESIDENT'S WELCOME

It is with pleasure that I extend an invitation to all members to attend the Society's 2023 Conference 'Take A Piece of No. 8' at Southwell School, Hamilton, on the banks of the mighty Waikato River.

The Conference Committee, headed by Co-Convenors Dorothy Turner and Pauline Luxton, has worked very hard despite a late start and a period of lockdown, to provide an inspirational, stimulating and inclusive programme. Events to look forward to include the 2023 Designer of the Year competition, 8 classes of general competitions, 1 exhibition only class, a variety of 8 different workshops, 4 Round-Robin Trends & Techniques demonstration stations, plus other special events. Something for everyone!

We will have the full facilities of Southwell School for our exclusive use and the programme has been carefully planned so that all events can be held at the school, including lunch and other refreshments as needed during the day. There will be some free time late afternoon each day for shopping, walking and having a bite to eat before heading back to the School for the evening's entertainment.

2022 has not been an easy year which is why we look forward to starting 2023 afresh, and stay positive in the belief that we will be able to see each other in Waikato at the 2023 Conference. Let's capture some magical moments, create happy memories, and surround ourselves with laughter and friendship as we celebrate this special occasion.

Until then, stay safe.

Focus On Education Presentation / Demonstration

Friday 14th April 2023

2.00pm - 3.30pm

Performing Arts Centre, Auditorium

Education is the key that unlocks many doors on your Floral Art journey, therefore keeping up to date with Education topics is very important. Focus on Education will be an informative presentation that will give you:

- Insight into the important changes and additions in the 2021 Flair.
- The answers to Education questions submitted by members in 2022.
- A better understanding of selected topics that are often asked about during the year.

This will be an EDUCATIONAL opportunity not to be missed. See you there.

WORKSHOPS

Friday 14th April 2023

9.30am - 12.00pm

The Sergel Centre & Day Building

Workshop No.1

'Imposing with Nature'

Francine Thomas

An imposé workshop using imagined integrations of familiar patterns, forms, and textures to create a unique design using the Fundamentals of Design. You will receive a box of interesting mechanics and plant materials to inspire.

Workshop No.2

'Tatami, Texture And Twine'

Fay Edgecombe

Using the Tatami technique, a contemporary design will be created with emphasis on contrasting textures and an accent of colour. There will be a charge for some components which will be supplied.

Workshop No.3

'Flower Tower'

Peggy Hayson

Using the Fundamentals of Design, a Contemporary Table Top design is created from a 'tower' made of wire netting; trailing ribbons of the 'T' wiring technique, using small sticks and bullion wire; and finally your gorgeous flowers are added. There is a small charge for the wire netting.

Workshop No.4

'Trending 2023'

Gayleen Lee

The concept of Laser cut-outs onto a leaf, worked into a design. Careful use of a scalpel is required.

Workshop No.5

'Read it, Roll it'

Lynne Causer

A contemporary design, using a supplied component that you will be able to form into a shape and incorporate into your design giving visual impact. Can be easily dismantled for travel. Small charge for the component.

Workshop No.6 - 8

Day Building - various rooms, will be signposted
